

To,
All Rotomolders and Associates of the Rotomolding Industry

Sub.: Membership application of Rotomoulding Association (ROMA)

Dear Industry Colleague,

We are delighted to announce the formation of “ROTO MOULDING ASSOCIATION” – a new Association OF, FOR AND BY the Rotomolding Industry of India and Overseas. We are glad to inform that the Association has been registered as a Non-Profit Entity with the Registrar of Companies at Mumbai. ROMA will conduct its operations on the basic principles of mutual co-operation, equality and most importantly, in a democratic way.

We already have an overwhelming response and interest to participate and support from across the spectrum of other Plastics Industry Associations like CIPMA, AIPMA, IPI, CIPET, ELITEPLUS etc.

Needless to mention the excitement among the Rotomolders and associates of the Rotomolding Industry.

The Objectives of ROMA:

- Enhance awareness about Rotomoulding, the process itself and its benefits across all sections of Industry.
- Create a platform to educate about the technology to the industry.
- Target specific objectives in creating and establishing standards for various product segments e.g. Overhead tanks, Underground tanks, Manholes, Bins etc.
- Work for creating awareness amongst specific customer segments, large OEMs etc.
- Work towards raising quality standards to develop exports of rotomolded related parts.
- Encourage members, suppliers, educators, to promote, interact and participate in the activities and events organised by the Association, from time to time for the improvement of the process in the industry, especially for the benefit of its members, and industry at large.
- Encourage relationship and cooperation amongst the members and organisations and educational groups and Institutions in India and abroad for promotion of common interest and development of the industry.
- Form an exclusive committee for BIS standards for various rotomolded parts.
- Facilitate/Support small & medium industries among members to avail the benefits from the government like the CLSS, TUFS, Skill development, Cluster development Atal Yojana and other schemes.

The Activities of ROMA:

- The executive committee will run the Association, as per the norms set, and as they find appropriate.
- An annual conference will be held with national all international speakers about the global roto moulding industry for education and fellowship for the benefit of the industry.
- Regional meets and technical seminars will be held in different parts of the country, including in small towns to promote the technology and develop the industry locally.
- Publish a bulletin, giving programs and information of interest. It may also generate some revenue by ads.
- Create a website for the benefit of industry and specific part for the benefit of its members and promote the industry. It may also generate some revenue by ads.
- Undertake and consider projects for the development of the industry as deemed fit by the executive committee.
